**FIGHT IS CLOSE  
IN THIS DISTRICT****May Take Official Count to  
Determine Winning  
Delegates.****BERKELEY DECLARED WINNER****The Unofficial Returns Also Show That  
Johns Has Defeated Cooper,  
Giving Roosevelt Delegation to  
Chicago—Very Light Vote Is Poll.****ROOSEVELT DELEGATES  
LEADING UP TO NOON.**

Up to noon today the Roosevelt delegates were leading, according to the returns that have been received. The count, with several districts, including, given the following total vote for the Roosevelt and Taft delegates in Fayette, Somerset and Greene counties:

County	Roosevelt	Taft
Fayette	5,419	5,111
Somerset	4,412	4,412
Greene	4,412	4,412

Ninety-two out of the 103 districts in Fayette county give the Roosevelt National Delegates the following vote:

District	Roosevelt	Taft
Berkeley	1,445	1,445
Johns	2,372	2,372
Cooper	2,507	2,507
Thompson	3,402	3,402

It may take the official count to determine whether the Twenty-third Congressional District, composed of Fayette, Somerset and Greene counties, will send a divided delegation to Chicago or that its two representatives will be pledged to Theodore Roosevelt. This district did not escape the Roosevelt landslide which swept Pennsylvania at the primaries on Saturday. The vote in the district was light and this probably accounts for the failure of the Taft delegates in Fayette county to poll a sufficient plurality to overcome the big Roosevelt vote in Somerset county. In this district it was the case of the tall swinging the dog as the remarkable vote polled by the Roosevelt delegates in Somerset county overcame the big Taft vote in Fayette county.

It was admitted at noon today that Harvey M. Berkeley, Roosevelt delegate from Somerset county, has been elected. The fight between Peter A. Johns and Allen C. Cooper is close, in fact, that it may take the official count to determine the outcome. John W. Thompson has been defeated. A remarkably light vote was polled. In Fayette county it was approximately 4,000, when in 1908 the county gave more than 10,000 to Taft and Sherman. In Somerset county the 5,000 vote is under the 6,000 given Taft and Sherman at the regular election four years ago. Greene county Republicans turned out to the absurdly small number of from 300 to 400, where the normal Republican vote of the county is close to 2,000.

State Senator W. B. Crow, Republican leader of Fayette county, said at noon that indications pointed to a close contest between Johns and Cooper, with the possibility that Johns might win. County Chairman Martin of Wayneburg county, who is close to Berkeley and Thompson, Roosevelt candidates, by from 15 to 20 votes, but P. A. Johns is running about 100 behind the other two. Johns' fighting chance of victory in the district depends upon the official count of Somerset and Fayette counties.

The primary was quiet and there was little activity about the polls, except at those points where the leaders took personal pride in getting out the vote and making a good showing. In these districts the vote for the Taft delegates was overwhelming.

For Congress Thomas S. Crapo has beaten Charles F. Hood by a wide margin, probably 2,000 in the district. In Fayette county the Roosevelt delegation to the State convention won in a walk, although Somerset will be represented by Roosevelt men. Greene county men are awaiting the official count to determine their State delegates.

In Fayette county the legislative assemblies will be John S. Carroll, Henry A. Chalfant and William S. Connelley, by a wide margin. The four State delegates chosen in this county are Frank E. Adams, W. A. Gardner, James J. DeLoach and John W. Greaves, all unopposed and loyal to the Republican organization of the State.

**STURTESS AND STAGGERS**

Frank E. Sturteess and C. G. Stagers have been elected delegates to the Democratic National convention without any preliminary opposition. O. Minor Boughner was beaten almost three to one.

For State delegates C. E. Franks and H. H. McElhenny were defeated over H. S. Dumbauld by a comfortable margin. Dumbauld represented the "Reorganizers."

**Dorr Wanted Baffly**

LYNN, Mass., April 15.—A warrant for the arrest of William A. Dorris of Stockton, Cal., charging the murder of George E. March, millionaire soap manufacturer, was issued to Chief of Police Hutchins this afternoon by Judge Lummus.

Miss Elizabeth Williams has resigned her position as stenographer for the Aaron Company. Her resignation took effect Saturday.

**ROOSEVELT WILL GET ALL  
BUT NINE OF THE DELEGATES****Philadelphia and Lancaster Return  
Votes for President Out  
of Landslide.**

United Press Telegram.

PITTSBURGH, April 15.—While returns from the State wide presidential preference primary are still incomplete, it has been made certain that Taft has won but nine delegates, seven from Philadelphia and two in Lancaster. Roosevelt will also carry the 12 delegates elected to the State convention.

In Allegheny county Charles J. Blazey, a brother of Mayor McGee, won the State Senator seat over W. L. Grimes by 202 votes. At noon indications were that Roosevelt will probably pile up a larger majority with this late returns.

**GUFFEY APPEARS TO  
HAVE ALSO LOST OUT**

PHILADELPHIA, April 15.—Lancaster returned advice from the Statewide (presidential preference primary state that Governor Wilson of New Jersey will receive the entire vote of the State at the Baltimore convention. In addition to the anti-Guffey forces will control the State organization. The latter-Guffey faction having won a sweeping victory.

Roosevelt will have 47 delegates to the National Convention compared with Taft's 12. The Roosevelt forces will control the State convention which will elect 12 delegates at large by an overwhelming majority which will enable them to dictate their own platform.

**Batters Down Dooms.**

CHICAGO, April 15.—County Judge Owens took personal charge of the police force of Chicago at noon today and directed chipping down the door of the Seventh Regiment Armory so the Democratic county convention could be held there according to his orders as head of the election machinery of Cook county.

TOWNSHIP SUPERVISORS HAVE  
DECIDED ON PLAN OF ACTION

Another Petition Will Be Put in Circulation Within a Few Days at East Connelville.

A meeting of the township board supervisors was held Saturday night in the T. & E. Trust building. The plans were made for the solving of the road question have not been given out but the question was thoroughly threshed out and it is understood that the supervisors have decided on a plan of action.

The main reasons for the supervisors objecting to the road surveyed by the State highway engineers, it is stated are because there are no houses on the new route and that with the cutting off of a dangerous crossing at Stone bridge the supervisors maintain that the surveyor have added work that they would rather have the Swagertown road than the new proposed route.

One petition against the new route was sent in to the State Highway Commission late in February and another will be circulated at an early date if it is proposed that the work on the new route proceed.

**B. & O. PAY CAR VISITED  
CONNELLSVILLE THIS MORNING**

Appears After an Absence of Two Months—Pays Employees on Pittsburgh Division.

After an absence of two months, the Baltimore & Ohio pay car paid a visit to Connelville early this morning. The car, however, was not here for the use of the Connelville division and left at about 7:30 toward Pittsburgh. It will pay the men this time on the Pittsburgh division, returning to Baltimore within a few days.

The employees on the Connelville division will be paid in hand, through the agent. Pay is tomorrow. The pay car appeared here two months ago after a long absence and it was thought at the time that it was to become a permanent feature.

Sometime during the season of 1912, Connelville will have the opportunity of seeing a major league baseball team in action, if the plans of Manager Wilson materialize. When the Philadelphia Nationals come through this section on their first trip Wilson will endeavor to arrange for the game. In case the Phillies can not be brought here, negotiations will be opened with either the Cleveland or Boston American league teams.

LIMPING TO PORT****World's Largest Steamer  
Forced to Transfer Her  
Passengers.****CRASHED INTO BIG ICEBERG****Watertight Compartments Alone Keep  
Leviathan of the Seas Afloat—Passengers Must Once More Be Transferred to Another Steamer.**

United Press Telegram.

HAIFA, Nova Scotia, April 15.—

Held aloft only by her watertight compartments, the great White Star liner Titanic is slowly crawling toward this harbor. Her passengers have been taken off to other vessels only to face a second ordeal as they are to be again transferred to the battle of the White Star line this afternoon.

The battle will take them to their journey's end in New York, where they are due next Thursday.

The disaster to the Titanic was unparalleled in the history of navigation.

The largest, most luxurious and best appointed vessel ever laid down, who seemed proof against any disaster and it is to the very fact that she was a now steamer that the passengers on board, noted financiers and society leaders, owe their lives. Hardly another craft afloat could have stood the terrific shock when the Titanic, driving along at better than half speed although in the midst of an ice field, crashed bow on into a great submerged mountain of ice which tore away her steel plates.

Only meagre advice regarding the wreck have been received here by wireless and those failed to clear up how the accident took place or whether there was a panic among the passengers.

**MONTREAL HEARS  
BIG SHIP IS SAFE**

MONTREAL, Can., April 15.—At 10:10 the local agent of the White Star line reported that he had received a relay wireless which confirmed the earlier reports that the Titanic, which was struck by an ice berg, was not only afloat but that the engines were working. It is reported that the vessel is headed toward Halifax and that all passengers are safe.

The line agent did not know whether the Virginia of the Allan line, which was only two hours distant when the call for help came, was with the Titanic and may have already transferred the women and children.

**PASSENGERS TAKEN  
OFF SINKING SHIP**

NEW YORK, April 15.—Wireless dispatches from Captain J. J. Haddock of the White Star liner Olympic says that 20 boat loads of passengers have been taken from the sinking Titanic by the Parisian of the Allan line and that others have been taken off by the Comand liner Carpathia.

**LUCE SMITH AND BRIDE  
ARE ABOARD THE TITANIC**

Among the passengers aboard the Titanic, which was rammed by an ice berg during the night and may be sinking are Luce Smith and his bride of Morgantown, who were returning to this country after their honeymoon in Europe.

Mrs. Smith is the daughter of Congressman Hughes of West Virginia and the wedding was an elaborate affair, having taken place in a Charleston several weeks ago. A number of persons from this section attended.

MONDAY EVENING, APR. 15, 1912.

The Pennsylvania Surprise Party. Pennsylvania politics did not have the surprise party of its life last Saturday. Senator Penrose, the head of the Republican State organization, had confidently claimed 64 out of 79 delegates for Taft and the claim was considered to be conservative. Field Marshal Flinn claimed that the delegation would break nearly even, but there is reason to suspect that he did not believe his own prediction. To the surprise of everybody the results are reversed. Roosevelt will have 64 out of 79 delegates and possibly 67 out of 79, the latter being the claim of the Roosevelt managers. Not only that, but the State Convention will be a Roosevelt convention. For the first time in years Senator Penrose has lost control of it. It is even possible that the Senator may have a hard fight for reelection in 1913.

The results do not necessarily mean that the people of Pennsylvania endorse Theodore Roosevelt's Third Term candidacy or that they have repudiated Senator Penrose's leadership. The test of public sentiment was inadequate because of the light vote polled in all but a few of the districts. The Congressional district is a fair example. While Somerset county polled about 50% of its Republican vote, Fayette polled little over 50% and Greene less than 20%. Had the Somerset result extended to Fayette there would have been no doubt as to the result. Cooper and Thompson are anti-Roosevelt delegates to the National Convention. They had the approval of their neighbors, but they did not get all their votes chiefly for the reason that everybody thought they would win anyway. Fayette county did not join the Roosevelt procession, but clung to Taft and the Republican organization. The Roosevelt candidates for every position were badly beaten. Fayette has a reputation for remaining faithful.

The head and front of the Roosevelt movement in the district was in Somerset county, where both sides were well organized and eager for the fray. The local faction, long in the minority, recently joined with the Democrats in electing a judge. Whether with reason or not it was assumed in local circles that this faction was a powerful influence at court, and it is reported that the license holders responded readily to a polite invitation for campaign funds and political advice. Thus it seems that the tiger interest was lined up for Roosevelt, and when this interest is enlisted in a political cause it usually counts.

The primary, however, is a thing of the past. Now that we have held the post mortem, it may be well to take another look at the future. We may not always see things the same way; for example, the anti-primary people at Connellsville was a miracle, but miracles are exceptions and figures are cold facts. Conceding all the Roosevelt people claim in Pennsylvania, he has 18 votes against 22 for Taft, and it must be remembered that Taft won four years ago on the first ballot without the votes of Pennsylvania or Illinois or any of the States now instructed for other candidates. The contest is not over and there may be many surprises before it is finished. In the meantime there is a growing sentiment in conservative circles that the party will be wise to hunt a dark horse.

Penrose went to sea and can not be seen.

Who throw that brick?

Teddy may have hypnotized 'em, but Bill stuck to the good old scriptural plan.

Pittsburg has a new circulating medium on primary day in the shape of Roosevelt scrip, countersigned by Flinn.

Does Flinn is back.

Pittsburg people seem to be tired of ruling themselves. They have handed the reins back to Boss Flinn.

Safety and Sanity didn't vote hard enough.

"We hit them middling hard in Pennsylvania," says Roosevelt, but that isn't what makes Teddy breathe hard: It's the surprise of it.

Philadelphia split even.

Field Marshal Flinn denies that he cost him \$250,000. Perhaps it was more. However, think of the Cabinet job.

"Whom the gods destroy they first make mad."

Did William have a working agreement with Theodore?

The Leisnering swimming sign will be in evidence among the boys next month.

Don't buy tax sale land in Fayette county unless it's sold by the Sheriff. It's buying a lawsuit.

Morgan Valley will resume operations on the surface.

## SENATOR BAILEY OF TEXAS THREATENED WITH TYPHOID FEVER.

WASHINGTON, April 15.—Senator J. W. Bailey of Texas is ill and threatened with walking typhoid fever. He sent word to his colleagues that his condition was so much worse as to prevent his participation in the Senate's consideration of tariff measures and asked that they proceed without him.

## ELLIS HOLLAND DEAD.

Was For 32 Years Postmaster at Mt. Braddock.

Ellis Holland, aged 55 years, for 32 years postmaster at Mt. Braddock, died Saturday afternoon at 1:30 o'clock at the home of his son, Frank Holland at Mt. Braddock following a lingering illness of kidney trouble. His death was not unexpected. Mr. Holland was born July 23, 1827 and spent many years of his life as a farmer and was also interested in coke works in Fayette county. For a number of years he was a member of the Methodist Protestant church at Perry. The following children survive: Frank James, Charles, Robert, John and Mrs. Benjamin Williams.

Banns Are Published.

Thompson Bank.

Graham Has Grip.

Between Candidates.

First Candidate—No man can be bigger than his party.  
Second Candidate—I suppose that must be true. But it is also impossible for a party to be as big as a man occasionally feels.

## TAFT FORCES WIN IN CONNELLSVILLE

(Continued from First Page.)

The Democratic primary was a tame affair and scores remained away from the polls.

## ONLY ONE FIGHT OVER CENTRAL COMMITTEEMEN

There wasn't much interest over the selection of Central Committeemen by either party but the one real fight that developed came among the Republicans of the Fourth ward. Slickers were in evidence, George W. Enos and L. E. Nickelson aspiring to land by that method. Enos succeeded, defeating S. B. Decker. The Central Committeemen from the Fourth ward are now J. C. Herwick and Enos.

In the other wards the candidates who had their names on the ballots got the votes, there being only two in each instance, save in the Fourth.

## "PIS IS PIS."

Health Officer Thinks Them Getting a Scrubbing.  
"Pis is pis" all right, but Health Officer Rottler is still wondering as to the condition of affairs here with while investigating Saturday afternoon. In pursuance to his duties as to seeing that the borough's ordinances in regard to the keeping of pig pens were not being violated, the Health Officer made a tour of inspection Saturday. The ordinance requires that the pig pens be kept clean and be a certain distance from the ground.

At one place on Saturday Rottler found conditions unsatisfactory. He explained the ordinance and went to another place. Here to his surprise, he found that everything was in excellent order and that a small boy was industriously engaged in scrubbing the pen.

## MAN BREAKS DOWN

A Strasburg, Pa. man, Martin H. Burkhardt, has just had a remarkable experience. A remarkable month ago he noticed his health falling and in spite of all he could do, soon found himself in that condition which everyone dread—"general breakdown."

In a letter he says: "It seemed as if my health was ruined and I never would be strong again. Various other medicines did me no good but I began to take Vinol and it has done me a wonderful amount of good. I am now as well as I ever was, have gained twelve pounds, my appetite is good, I sleep soundly, and feel like a new man. All credit is due to Vinol."

He is only one of many thousands who have been built up to health by our delicious cod liver and iron preparation without ail. All who are broken in health, run-down, weak and nervous, should profit by his experience and regain their health by the use of Vinol. We guarantee that it will build you up and make you strong—your money is given back if it does not. Graham & Co., druggists, Connellsville. Vinol is sold in West Connellsville by Fred H. Harmering, druggist.

## SAVED DAUGHTER'S LIFE

This Father Refused to Let His Daughter Die.

Here is a story with a moral that many parents might take to heart: "My daughter was very pale, nervous, thin, and suffered with severe pain in her back, so that we took her out of school. Her flesh became blue, and she could not retain her urine. I spent over \$100 for medicines but she grew worse. Finally I bought a bottle of Thompson's Barosma and she began to grow better right away. Five bottles of Thompson's Barosma made a complete cure, and today she is a perfectly healthy girl. Thompson's Barosma saved her life, for she was failing so fast that death was not far off."—Frank D. Meador, Pleasantville, Pa.

If you are troubled with backache, headache, weakness in the back, or any liver or kidney trouble, then it's time for Thompson's Barosma.

Graham & Company, Connellsville, and S. A. Lowe & Company, Scottsdale, sell Thompson's Barosma in two sizes, 50 cents and \$1.00, and he guarantees it to cure Bright's disease, high colored urine, bed-wetting, and all other kidney and liver diseases. It will make anyone vigorous in a few weeks, because it is a great tonic and milder of rich red blood. All druggists.

**Merit in Medicine.**  
The continued success of a medicine depends entirely upon its merit. For nearly forty years Lydia E. Pinkham's Vegetable Compound has been demonstrating its worth among women, as the greatest of all remedies for female ills, and the tremendous volume of letters on file in the Pinkham laboratory, at Lynn, Mass., from grateful women in all parts of the United States and Canada, are ample proof of its merit.

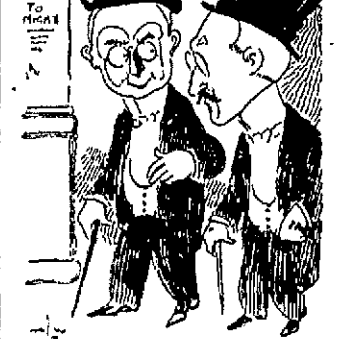

Lydia E. Pinkham's Vegetable Compound is a good, old fashioned remedy and enormous quantities of roots and herbs are used every year in making it the standard remedy for female ills.

OH! THESE WIVES.

AN ATTRACTIVE LACE DRESS.

Black silk was used for the foundation of this dress and the effect is quite new, as a blouse and skirt of fine white net is gathered over the silk.

The collar and flounces are of heavy white lace, edged with black satin, and a giraffe of black velvet, with a long end is folded about the waist. The end is fastened to the skirt for several inches above the flounce.

## Anty Drudge tells Mr. Peters Why His Daughter isn't Home.

**Mr. Peters.**—"Well, well. Here I've come all the way from Perkinsville to visit Mandy, and she's gone. She used to be home all day on wash day."

**Anty Drudge.**—"That was before she began using Fels-Naptha soap, Mr. Peters. She used to boil the clothes and stew and fret over them most of the day. Now Mandy gets up at 7 o'clock and does the wash in ordinary cool or lukewarm water with Fels-Naptha soap and is off for a visit at ten."

The woman whose years rest lightly on her shoulders is the woman who saves herself wherever possible—who never wastes her energies.

She doesn't stand all day Monday over a tub of steaming suds, chasing the weekly wash up and down the washboard.

There's an easier—a better method. And she knows it.

She does her wash in the Fels-Naptha way; with lukewarm or cool water and Fels-Naptha soap.

No boiling the life out of the fabric; no rubbing the clothes to shreds 'gainst a washboard.

She just soaps them well with Fels-Naptha—rolls them—let's them soak a while, and then rinses them. She's through by Monday noon.

It's the easiest way in the world—the quickest and best. Makes clothes just as clean and fresh and pure as clothes can possibly be.

And it is just as superior for household cleaning, too.

Look for directions on red and green wrapper.

## KEISTER AND T. R. CARRY SCOTTDALE

### Home Town Gives Congressional Candidate Handsome Vote.

### ROOSEVELT DELEGATES WIN OUT

Took Some Trouble to Get Election Boards Together But All Started Off on Time—Vote Was Lighter Than Had Been Anticipated.

Special to The Courier.  
SCOTTDALE, April 15.—In the uniform primaries held on Saturday, A. L. Keister, the home candidate for nomination for Congress on the Republican ticket, won his home town, with 648 votes, to Edward L. Robbins, 105 votes and also won the nomination in this district. J. David McJunkin came in with an even dozen as the third candidate.

It was a clear and clean sweep for these National and State delegates on the Republican side. The voters, Theodore Roosevelt for President, they winning three to one. It was the same in the district. The vote was not a very heavy one, and it seemed, it was difficult to get election boards together, and the election for some time was made in securing enough men to run the polls. The half pay of the primaries together with the extent of the work caused a general shying at the proposition. However, all the boards started off on time.

Following the election the returns were received at the Keister headquarters on Pittsburgh street, which was crowded with anxious ones to hear the news as it came in over the long distance telephone, and cheered lustily over the lead indicated for the home candidate.

The following is the tabulated result of the election so far as Scottsdale counts in the contest in the district:

## IMMENSE POWER OF WEALTH

Ingenuous Writer Shows What World's Six Richest Men Could Do If They Combined.

In the Strand Magazine appears a unique article with the title, "What Six Rich Men Could Do." The author, has taken as the world's six richest men John D. Rockefeller, Pierpont Morgan, Astor, Lord Strathcona, Andrew Carnegie and Lord Rothschild. He calculates that between them they own \$5,000,000,000. What might they do with such a sum if they combined forces? What things could they not achieve with \$5,000,000,000? Suppose they were aggressive and inclined to wage war. They could put 1,000,000 men in the field and maintain them for ten years, perhaps for twenty. The American Revolutionary war cost \$700,000,000. The wars with Napoleon from 1790 to 1815 cost Great Britain \$3,250,000,000. The Crimean war cost \$150,000,000 for two years. The South African war cost England \$1,250,000,000. The rich sextet could have borne the costliest of these wars and had a good sum over.

If they turned their attention to the sea they could with half their capital build a fleet that would be unique, overpowering, irresistible. The biggest fleet in the world—that of Great Britain—could probably be duplicated for \$1

## Wright-Metzler's

### English Chiffon Lisse

### Why Linens FOR SUMMER DRESSES

Nothing else holds up so serenely after a visit to the tub as good flax linen—little wonder it is a favorite for suits, shirt waist dresses and long coats.
